Pangelen, Prenduan, Pragaan, Sumenep, East Java, Indonesia

### PROFESSIONAL SUMMARY

B.Sc. Candidate in Information Technology and Independent Full-Stack Web & Mobile Developer. Experienced in designing scalable web architectures (Laravel, CodeIgniter 4) and independently publishing mobile applications (Flutter). Proven track record in building end-to-end digital educational ecosystems as a solo developer and engineering multi-tenant platforms. Highly adaptable to emerging technologies, including Generative AI, accustomed to meeting strict deadlines, and ready to deliver comprehensive technical solutions in a remote work environment.

### EDUCATION

- 2021 – 2025 Universitas Annuqayah : Bachelor's Degree in Information Technology (B.Sc. Candidate / Awaiting Comprehensive Thesis Defense)
- 2018 – 2021 SMK Annuqayah : Computer and Network Engineering (Vocational High School)

### WORK EXPERIENCE & INTERNSHIPS

- Solo Mobile Developer – RA Universal Studio (2025 - Present)  
Developed and successfully published the mobile game "Nexus Block" to the Google Play Store utilizing Flutter and the Flame engine, integrated with a Laravel 12 backend.
- **Freelance Full-Stack Web Developer (2025 - 2026)**  
Architected and developed an integrated digital ecosystem for LPI Al-Manar, encompassing the main institutional web portal and a Computer-Based Test (CBT) & E-Learning platform for elementary and junior high school levels.  
Developed a coding learning platform (Kita Ngoding), implementing strict Role-Based Access Control (RBAC) utilizing Laravel and CodeIgniter 4.
- **Internship – IT Consultant Surabaya (2024)**  
Built and managed a corporate profile website utilizing WordPress CMS.
- **Internship – PT Layanan Berbasis Awan (2023)**  
Developed a fully functional e-commerce web application using Laravel 9. Collaborated with the development team to implement front-end UI, back-end logic, and RESTful API integrations.
- **Internship – Percetakan Annuqayah PhotoCopy & Digital Printing (2019)**  
Assisted with document printing operations, managed customer databases, and performed hardware and printer troubleshooting.

## **HONORS & ACTIVITIES**
